Size: 0.5 oz. e 15 g

pH 6.0

### Description:

This treatment re-contours the eye area by smoothing out fine lines and wrinkles, reducing the appearance of dark spots, increasing elasticity and reducing puffiness for a smoother, younger look.

### Key benefits:

- Increases elasticity
- Reduces puffiness
- Smooths fine lines and wrinkles
- Reduces the appearances of dark circles

### Directions:

Apply with fingertips, patting gently around eye area until product is absorbed into the skin. Can be used am and pm.

### Key Ingredients

### Function

Sodium Hyaluronate	Plumps to smooth skin
Lysophosphatidic Acid	Promotes healthy epidermis development; visibly reduces pores; phospholipid growth factor
Myristoyl Pentapeptide-17	Collagen building peptide that helps smooth out wrinkles and fine lines
Glycerin	Humectant
Retinol	Antioxidant
Glyceryl Diritinoate	Slow release vitamin A; increases collagen production; reduces fine lines and wrinkles
Rice/Sacchromycese Lyce/Lactobacillis Ferment Lysate Filtrate	Assists to maintain healthy skin and acts as a skin conditioning agent; Anti-inflammatory
Cocoglycerides	Skin conditioning agent; emollient
Phytonadione	Vitamin K; helps to reduce dark circles and pfiness around eye area
Hesperidin Methyl Chalcone	Natural ingredient that assists in reducing dark circles; supports and protects integrity of the vascular system (capillaries and veins)
Dipeptide-2 , Palmitoyl Tetrapeptide-7	Helps decrease dark circles and increases firmness in the skin
